NA Proactive news snapshot: The Green Organic Dutchman Holdings. ImmunoPrecise Antibodies, Duos Technologies Group UPDATE ...

Capstone Turbine Corporation's (NASDAQ:CPST) Mexico-based distributor DTC Ecoenergia has signed a nine-year Capstone Factory Protection Plan long-term service contract with an industrial customer to cover 1.6 megawatts worth of microturbines. The deal provides comprehensive service coverage to the customer of Capstone microturbine energy systems. With this contract signed, the customer now has all of its 3.8 megawatts of microturbines covered under Factory Protection Plan (FPP) agreements.

CleanSpark Inc (OTCMKT:CLSK) has struck a 10-year exclusive contract to supply International Land Alliance Inc (OTCMKTS:ILAL) with its energy software solutions. The Bountiful, Utah-based advanced energy software and control technology company will provide ILAL, a land investment firm based in San Diego, with its microgrid Value Stream Optimizer (mVSO) software services and integrate its mPULSE software into the final systems on all future energy projects across the ILAL portfolio of properties.

Bonterra Resources Inc (CVE:BTR) (OTCMKTS:BONXF) updated shareholders on its upcoming plans for its Quebec portfolio as the junior explorer looks to expand its resource base. The Val d'Or, Quebec-based company said it had placed a "great deal of emphasis" on geological and geophysical interpretation of its Gladiator, Barry and Moroy deposits to support future resource conversion and expansion drilling. An upcoming winter drill program will focus on resource expansion and follow up on historical drill intercepts from summer field work.

WeedMD Inc (CVE:WMD) (OTCMKTS:WDDMF) revealed that it has successfully completed harvesting its 27-acre outdoor cannabis crop at its sprawling facility in Strathroy, Ontario. The Toronto-based cannabis company owns and operates a 158-acre state-of-the-art greenhouse, outdoor and processing facility located in Strathroy, Ontario. In a statement, WeedMD also said it will hold its third-quarter earnings conference call to discuss its financial results on November 29. . WeedMD now has a significant amount of cannabis that we intend to bring to market over the current and coming quarters as both dried flower and in various value-added formats," said WeedMD CEO Keith Merker in a statement.

Chemesis International Inc (CSE:CSI) (OTC:CADMF) has wrapped up its acquisition of a controlling interest in GSRX Industries Inc, a specialist in retail cannabis dispensaries and distribution. Via this new stake, the Vancouver cannabis company will widen its reach into the retail dispensary markets in California and Puerto Rico. And the move will crack the door ajar for Chemesis to boost profits from its cultivation products by selling directly to customers. GSRX's financial statements will come under Chemesis's umbrella from August 29.

Q BioMed Inc (OTCMKTS:QBIO) announced that its technology partner, Mannin Research Inc, has received a \$7.5 million grant from the German state of Saxony to fund the development of its glaucoma therapies. Mannin, a research-

stage biotechnology company based in Toronto, has partnered with Q BioMed since 2015. The company is working on the preclinical development of two approaches — a small molecule pharmaceutical eye-drop as well as a novel recombinant protein injectable biologic — to reduce the intraocular pressure that causes glaucoma.

Gevo Inc (NASDAQ:GEVO), a leading renewable fuels and chemicals manufacturer, said it has inked a development agreement with Blocksize Capital GmbH, a blockchain technology company in Germany. Gevo said it's possible to use distributed ledger technology to attach the "key metrics for sustainability" to gallons of fuel and enable "a sustainability assurance" that has not yet been seen. "For years, we have been tracking the sustainability of the farms, and their farming practices, that supply products to our facilities, and we need to continue to do so as we expand," said Gevo CEO Patrick Gruber in a statement. "We also track the amount and type of energy used in the production of our products. An end user who buys fuel should be able to simply access the data and know where those gallons originated and what the sustainability profile looks like," he added.

Viscount Mining Corp (CVE:VML) (OTCMKTS:VLMGF) is excited about the potential at its portfolio of assets in Nevada and Colorado as it outlined its plans moving forward at the properties. The Vancouver-based explorer is advancing the Cherry Creek exploration project in Nevada and the Silver Cliff operation in Colorado. CEO Jim MacKenzie told investors that the company is "very excited" by its prospects in the coming year.

Bragg Gaming Group (CVE:BRAG) (OTCMKTS:BRGGF) has signed a deal with Seneca Gaming Corporation to provide casino services and player account management to three casinos in western New York. The deal, done through Bragg subsidiary ORYX Gaming and in partnership with global sports betting provider Kambi Group PLC, is the company's first involvement in the US gaming market. The partnership will provide SCG's facilities with ORYX's online gaming platform integrated with Kambi's portfolio of on-property sports wagering products.

Endeavour Mining Corporation (TSE:EDV) (OTCMKTS:EDVMF) doubled its operating cash flow in a strong third quarter that saw the miner increase production from its West African operations. The company reported that its quarterly production was 181,000 ounces, a 6% increase over second quarter 2019 figures, while all-in-sustaining costs remained flat. Total earnings for the period ended September 30 came in at US\$33 million or US\$0.30 per share, compared to a loss of US\$1 million or US\$0.01 per share a year earlier.

Allot Ltd (NASDAQ:ALLT) (TASE:ALLT), the smart network intelligence solutions company, reported third-quarter earnings and revenue early Tuesday that handily beat Wall Street expectations, boosted by a slew of significant new deals. For the quarter ended September 2019, Allot posted a non-GAAP net loss of \$1.9 million, or \$0.05 per share, on revenue of \$27.6 million. The consensus estimate was a loss of \$0.07 per share on revenue of \$27.3 million. Revenue grew 14% on a year-over-year basis.

HighGold Mining Inc. (CVE:HIGH) has reported encouraging assay results for the first two holes of a nine hole drill program completed at the company's flagship Johnson Tract Gold property in Southcentral Alaska. In a statement, HighGold said that the assays show exceptional widths of continuous high-grade gold and base metal mineralization have been intersected.

Arcadia Biosciences Inc (NASDAQ:RKDA) revealed that the agribiotech has won its first purchase commitment for its high-fiber bread wheat for 2020, through its North American partner Bay State Milling Company. The consumer-driven agricultural technology company also announced the successful harvest of its GoodWheat non-genetically modified wheat varieties on 4,000 acres across Idaho, Montana, North Dakota, Oregon and Arizona. "We are pleased with this year's GoodWheat harvest, which exceeded the number of acres planted in 2018 by 10 times," said Arcadia Biosciences CEO Matt Plavan.

NexTech AR Solutions Corp (OTCMKTS:NEXCF) (CSE:NTAR) has reached a deal with AimCam, a producer of video-capture enabled sports glasses, to sign up for its "try it on" augmented reality (AR) platform. The company's webAR offering, which is powered by Microsoft's face-mapping technology, lets potential AimCam customers have the in-store experience of trying on a pair of glasses from anywhere by projecting images of the eyewear onto their faces.

Fireweed Zinc Ltd. (CVE:FWZ) said the last results from 2019 drilling at the Macmillan Pass Project in Yukon, Canada

have potential to "meaningfully expand on our current resource." In a statement, the company said highlights of the results from the Boundary Zone, located 15 road kilometres west of the Jason Deposit, included a final 2019 drill hole which intersected 4.14% zinc over a true width of 230 metres with a near surface higher grade section of 7.94% zinc over a true width of 100 metres and high grade subintervals including 42.49% zinc over 6.4 metres.

Silvercorp Metals Inc. (TSX:SVM) (NYSEAMERICAN:SVM) has reported results from its 2018-2019 exploration programs at the TLP and LME mines, Ying Mining District, Henan Province, China which, among other highlights, saw eight new mineralized veins discovered in the TLP mine. In a statement, the group said that from April 1, 2018 to September 30, 2019, it continued the extensive exploration programs at the TLP and LME mines and completed 37,212 metres (m) of diamond drilling with six underground rigs from current production levels, and 33,004m of exploration tunnelling between elevation levels 500m and 1,070m.

Lexaria Bioscience Corp. (OTCMKTS:LXRP) (CSE:LXX), the maker of drug delivery platforms, has tapped Gregg Smith, founder of Evolution VC Partners, as a senior advisor. Evolution VC is a New York venture investment firm, which boasts stakes in more than 90 companies, including JUUL Labs, Pax Labs, Beyond Meat, Sweetgreen and Relativity Space.

Aftermath Silver Ltd. (CVE:AAG) said it is increasing its previously announced non-brokered private placement from up to 15,000,000 units to up to 16,500,000 units at a price of \$0.20 per unit. The group intends to use the net proceeds from the private placement for the acquisition and exploration of the Challacollo and Cachinal Silver-Gold projects in Chile and for general working capital.

Helix TCS, Inc. (NASDAQ:HLIX) announced today that its financial results for the third quarter of 2019 will be released on Thursday, November 14, 2019, and the company will host a conference call at 4:30 p.m. eastern time that day to discuss the numbers and its positioning for growth through the remainder of 2019 and beyond. The group said there will also be a live Q&A following the presentation portion of the call, and investors are also encouraged to submit questions via email prior to and during the call by emailing ir@helixtcs.com

CUI Global, Inc. (NASDAQ:CUI) has said it will issue the financial results for its fiscal third quarter ended September 30, 2019 after the market close on Tuesday, November 12, 2019. The company noted that it will conduct a conference call and webcast to review the results on the same day at 5:00 PM ET. To access the call, please dial (888) 734-0328 or (678) 894-3054 and provide conference ID 3962226. A live webcast of the conference call and accompanying slide presentation will also be available via the Investor Relations/Events & Presentations section of the **CUI Global website**.

XPhyto Therapeutics Corp (CSE:XPHY) announced that it will be presenting at the International Precious Metals and Commodities Show Munich on November 8 and 9. The company will have a booth on the conference floor and will be making a presentation to investors at the entrance stage on November 8 at 4.50 pm. Headquartered in Vancouver, XPhyto is a cannabis company focused on formulation and advancing into emerging European markets.

Lexaria Bioscience Corp. (OTCQX:LXRP) (CSE:LXX), the maker of drug delivery platforms, has unveiled new stock options. On the back of a few consulting agreements, Lexaria is issuing a million options. Each option offers the chance to purchase a single share at a price of \$0.55 for a period of five years. The British Columbia group is also releasing 225,000 warrants and each can be exchanged for a single share at a price of \$0.80 for a period of three years. The Canadian company's chief technology is DehydraTECH - a drug delivery platform which speeds up the delivery of cannabis, CBD and other drugs into the blood stream.

Asterion Cannabis CEO and chairman Stephen Van Deventer, and Bruce Campbell of StoneCastle Investment Management, are combining forces in Calgary, Canada on November 13 to deliver presentations in the private room of the Metropolitan Restaurant on the art of cannabis investing. Campbell will offer insights on StoneCastle's Cannabis Fund from 2-4 pm as well as a primer on the fund house's investments. And Van Deventer will share his views at 3:15 pm on Asterion's latest advances.

Duos Technologies Group Inc (OTCMKTS:DUOT), a provider of intelligent security analytical technology solutions, will hold a conference call on November 13, at 4:30 pm to discuss its financial results for the third quarter ended September

30. The Jacksonville, Florida-based company said management will host the conference call which will be followed by a question and answer session.

ImmunoPrecise Antibodies Ltd (CVE:IPA) (OTCMKTS:IPATF) announced Tuesday that its wholly-owned subsidiary Talem Therapeutics signed a new agreement with Ligand Pharmaceuticals (NASDAQ:LGND) for its novel OmniAb platform.

Ligand's OmniAb is a genetically engineered platform for the generation of diverse human antibodies. It is the only platform comprised of three species of rats, mice and chickens.

Under the agreement, Talem will access OmniAb to use with its own antibody discovery capabilities. The license enables Talem to develop and partner human antibodies across the platform.

The Green Organic Dutchman Holdings Ltd (TSE:TGOD) (OTCMKTS:TGODF) told shareholders on Tuesday that it is planning to release its third quarter earnings after market close on Thursday, November 14.

The Toronto-based company will hold a conference call led by CEO Brian Athaide and CFO Sean Bovingdon on November 15 at 9:00am to discuss the results with its shareholders.

TGOD is a leading producer of premium certified organic cannabis.
